Who We Are...

Crossroads Pregnancy Care provides compassionate care, practical assistance (diapers, formula, baby clothing, etc.), educational support, and referrals to community human service agencies*. We provide pregnancy tests, limited obstetric ultrasound for pregnancy verification, as well as STD testing and treatment. We provide support for those experiencing loss and grief from a past abortion. We also provide spiritual encouragement and support through Biblical counsel and studies for those clients who desire spiritual guidance. Our second location in Perkasie, Crossroads Women’s Center of Pennridge, offers medical services including pregnancy tests, limited obstetric ultrasound for pregnancy verification, as well as STD testing and treatment. Options counseling is also available. All of our services are FREE and confidential. Crossroads was established in 1985 and has served over 6,000 clients and their families in Upper Bucks County and surrounding communities.

* We never refer for abortions
